Acknowledgements

1) I voluntarily consent to receiving services at Christ Community Health Services Augusta (CCHSA). I give permission to all CCHSA Staff to use diagnostic and procedures they deem necessary for proper medical, dental, behavioral and spiritual care.
2) I assign the payment of claims on my behalf to CCHSA. I understand some of the services I receive may not be covered by my third-party payor (Medicare, Medicaid, other insurance), and I am responsible for paying these amounts.
3) I understand payment in full is expected before I receive services at CCHSA. This includes payment of all service fees, copays, and/or coinsurance amounts as discounted based on my fee discount eligibility.
4) I understand CCHSA will not write prescriptions for narcotics at a patient's first appointment. I further understand CCHSA Providers do not guarantee that they will continue a narcotic prescription.
5) I understand CCHSA may discharge me as a patient for cause, or if I do not see a Provider at CCHSA in a 3-year period.
6) I understand Christ Community is an integrated care system, meaning that all providers work together to coordinate my care. I understand all my visit notes are part of my medical record. This means that other providers at Christ Community who care for me may have access to this information.
7) Some services at Christ Community Health may include the use of telemedicine equipment and interaction with providers who are not physically onsite. These services are conducted via secure lines and are not videotaped, routed through the internet, or saved in any means.

I affirm all information provided in this Patient Information form is true and accurate to the best of my knowledge.

No-Show Policy Acknowledgement

Your healthcare providers want to make sure that you and other area residents have access to high quality dental care when you need it. To ensure maximum access to care for all of our patients, please be aware of and follow the Appointment/No-Show Policy.

Keeping Scheduled Appointments & Arriving Early

We will do our best to remind you of your upcoming dental appointment by phone, mail, or email. But it is *your responsibility to remember your appointment date and time*.

You are required to arrive 20-30 minutes *before* your scheduled appointment time. If you cannot make it or think you will be late to your scheduled appointment, please let us know *as soon as possible*. Notification after 3:00 pm the business day before the appointment is too late and is considered a no-show. If you are more than 5 minutes late, we might require you to be re-scheduled. If you are having a hard time finding transportation, please let us know. We might be able to connect you to resources that can help.

What is considered a "No-Show"?

- A no-show is someone who does not arrive for their appointment on the day of the appointment or does not notify the office before 3:00 pm the business day before the appointment.

What happens when I "No-Show" my appointment?

When you don't come to your appointment, you take an appointment time away from someone else who could have used it. **Because there are so many people in our community who do not have access to quality medical and dental services, *"No-Shows" are taken very seriously*.**

New Patients:
If you No-Show your first dental appointment, you will not be allowed to schedule another appointment for one year.

Established Patients:
If you No-Show 2 appointments in a 12-month period, you may not be allowed to schedule another appointment for one year.
Patients under age 18 may be granted an exception to the No-Show Policy at the discretion of a dental provider.

I understand and agree to abide by this No-Show Policy.

Patient or Patient's Parent/Guardian Signature Date

General Dental Consent Form

Patient Name	Last	First	Middle Initial	Date of Birth

1. Exam, X-Rays, and Cleaning:

   I understand that the initial visit will require radiographs in order to complete the examination, diagnosis, and treatment plan. If I do not have any periodontal concerns, a preventive ("regular") cleaning will be performed. If the dentist can not adequately perform my initial examination due to excessive calculus (tartar), or I am diagnosed with Periodontal disease, I understand that treatment will not initially be a preventive ("regular") cleaning. I understand that treatment may involve multiple visits in a short period of time to properly treat my condition. I will be given a "best" estimate of fees to properly treat my condition before treatment is performed.

2. Drugs, medications, and sedation:

   I have been informed and understand that antibiotics, analgesics, and other medications can cause redness, swelling of tissues, pain, itching, vomiting, and/or anaphylactic shock (severe allergic reaction). They may cause drowsiness and lack of awareness and coordination, which can be increased by the use of alcohol or other drugs. I understand and agree to not operate any vehicle or hazardous device for at least 12 hours or until fully recovered from the effects of prescribed analgesic or sedative medications. I understand that antibiotics can reduce the effectiveness of oral contraceptives.

3. Changes in Treatment Plan:

   I understand that during treatment, it may be necessary to change or add procedures because of conditions found while working on teeth that were not discovered during the examination, the most common being root canal therapy following routine restorative procedures, or the need for a pulp cap during the restorative procedure. I give permission to the Dentist to make any or all changes and additions as necessary.

4. Temporomandibular Joint Dysfunction (TMD):

   I understand that symptoms of popping, clicking, locking, and pain can intensify or develop in the joint subsequent to routine dental treatment wherein the mouth is held in the open position for an extended period of time. However, symptoms of TMD associated with dental treatment are usually transitory in nature and well tolerated by most patients. I understand that should the need for treatment arise, then I will be referred to a specialist for treatment, and the cost of which is the responsibility of the patient.

5. Fillings:

   I understand that care must be exercised in chewing on filling material during the first 24 hours to avoid breakage, and tooth sensitivity is common after a newly placed restoration.

6. Removal of Teeth (Extractions):

   If an extraction is needed, a separate consent form will be given explaining any possible complications. I will be informed of my options for replacing any missing teeth (implants, bridges, or removable prosthesis).

7. Periodontal Treatment:

   I understand that if diagnosed with Periodontal disease, I have a serious condition causing gum inflammation and/or bone loss and that it can lead to loss of my teeth. I also understand that success of treatment depends, in part, on my efforts to brush and floss daily, receive maintenance cleanings as directed, follow a healthy diet, avoid tobacco products, and follow other recommendations. A separate consent form will be given for Periodontal Treatment further detailing the purpose of therapy and treatment that will be provided.

General Dental Consent Form

CHRIST COMMUNITY HEALTH

Consent:

I understand that dentistry is not an exact science, therefore: reputable clinicians cannot properly guarantee results. Results rely heavily on my active role in maintaining proper oral health. I acknowledge that no guarantee or assurance has been made by anyone regarding dental treatment that I request and authorize. I understand that each Dentist is an individual practitioner and is individually responsible for the dental care rendered to me. I also understand that no other Dentist, other than the treating Dentist, is responsible for my dental treatment. I may refuse any treatment that is proposed but must inform the Dentist prior to work being performed.
